

The Växjö Runt

walking and cycling trail

– *experience the natural and built environments of Europe's greenest city*

An easy way to take in Växjö's most stunning views and beautiful natural surroundings.

The roughly 40-km Växjö Runt walking and cycling trail is an easy way to get around the city and its varied environments. The trail passes through several nature reserves, winding through deciduous and coniferous forest, past wetlands with a wide variety of species and several glittering lakes.

The trail also passes through well-preserved built environments, including the ruins of Kronoberg Castle and the area around Knutsgård with its fantastic views of the city. Many of the areas around Växjö have previously been anonymous and difficult to access, so the idea behind

Teleborg

the Växjö Runt trail is to link Växjö's various residential areas with the hidden gems of the surrounding area. A number of picnic areas offering bathing and barbecue facilities add to the trail's attractions. Why not take the whole family for a fun day out with activities to suit all ages?

The Växjö Runt trail is marked out with its own wheel-shaped symbol. The curious will also find information boards describing the various environments they are passing through along the route.

Växjö Runt often uses existing paths and minor roads. As it is close to the city, you can reach the trail via the many links to the existing cycle path network, making it easy to create your own routes to suit any occasion.

Whether you choose to walk or go by bike, ***we wish you a warm welcome*** to this trail around Europe's greenest city. We promise you a fantastic experience that will give your health a boost and help preserve the environment!
