

Children in preschool 2014

This user survey is a way for the schools and child care administration to follow up a part of the budget's operating objectives for 2014.

The questionnaire is answered anonymously by the guardian together with the child.

The first four questions are background questions and are mandatory to answer. These are followed by four operating questions with four possible answers. Choose and mark the answer that you agree with the most.

1. My child's preschool is called:

- Alpgatan
- Biskopshagen
- Björken
