

Enter information about your child in our e-service

Soon a new school year is due to begin and that means that it is time to fill out the child and pupil information e-service for pre-school children and pupils in elementary school. During August you can log in with your e-ID on www.vaxjo.se/barnochelevuppgifter and enter your information. If you have already entered the information during previous school years you only need to log in and confirm that the information is correct. You can of course change the information if something is not correct. The second guardian must confirm that the information is correct on www.vaxjo.se/minasidor. Here you must log in with your e-ID and click on My Messages to confirm the information.

Log in during August and enter the information!

What information does the service process?

- Guardian's contact information
- Special diet
- Allergies and food allergies
- Consent to photographing the child
- Consent to the publication of the child's/pupil's name on the pre-school's/ school's website
- Consent to the publication of the child's/pupil's picture on the pre-school's/ school's website
- Consent to the publication of video/ film with the child/pupil on the pre-school's/ school's website
- Contact person in addition to the guardian

What do you need to be able to use the e-service?

You need a BankID, which is an electronic form of ID and comparable to passports, driving licenses and other physical proofs of identity. You use the BankID when you are required to prove your identity on the Internet.

How do you acquire a BankID?

You order a BankID from your bank. The exact procedure for ordering a BankID varies between banks. You can read more about this on your bank's website. The municipality does not provide BankIDs.

Pupils/ guardians with a protected identity should not use the e-service. Guardians who for various reasons cannot have an e-ID will still be able to use paper forms. To obtain a paper form – contact the child's preschool/school. Note that the e-service is currently not applicable for upper secondary school.
