## Earth Hour and Earth Week 2017

March 20<sup>th</sup> marks the beginning of Earth Week when we'll be focusing on important issues regarding the environment and sustainability. Earth Week ends with the WWF symbolic turning off lights during Earth Hour on Saturday March 25<sup>th</sup>.

This is the fourth consecutive year that the municipality is coordinating the week to spread knowledge of, create commitment, and open up venues regarding the environment and sustainability issue.

Everyone is welcome to attend or organise events during the week!

### A peek in this year's program March 20–25:

Learn more about chemicals in everyday life

Switch out toys

Switch out seeds

See the School of Arts spring show

Try out the future of transportation – electric bicycles and velomobiles

Sample environmentally smart products

Fix your clothes and your bike
