

Växjö Katedralskola, Sweden
IB Diploma Admissions Policy

World School 001106

Welcome to our Pre-Diploma (Year 10) year and DP1 (Year 11)! We welcome students from *all* backgrounds. Phone or email the IB Diploma Coordinator at +46 (0)470 41795 or gilles.kennedy@vaxjo.se -- looking forward to a chat about your ideas!

Applications to the IB Diploma Programme are made in the spring before the autumn term begins in August. We appreciate making email, phone and/or digital contact with students and their parents/guardians. If you have an EU passport, or are a non-EU citizen with permanent residence, you are very welcome to apply. Applicants with previous grades sit placement tests in Mathematics and English, plus a brief interview in English. Recommendation letters may be requested.

Admissions at Växjö Katedralskola IB Diploma Programme

September

Every September, studies guidance officers are invited to Växjö Katedralskola for presentations of the IB Diploma programme. The DP Coordinator and some teachers/students also visit schools to answer questions and introduce IB concepts such as international-mindedness. *Studie- och yrkesvägledare bjuds in varje september för att hålla en presentation om IB Diploma Programme. Koordinatorn för programmet besöker också elever i syfte att svara på frågor, samt introducera programmets grundtankar gällande international-mindedness.*

October

Open House is held on the third Saturday of every October, when families are invited to visit the school, attend programme presentations, and meet IB Diploma students. *Öppet hus hålls tredje lördagen i oktober. Då inbjuds familjer att besöka skolan, delta i programpresentationer och få träffa elever från IB Diploma Programme.*

November-December

In Week 47, students from schools in the region visit upper secondary schools in groups. The DP Coordinator and students meet these groups, guide them around the school, have discussions in the library, and give information about the IB Diploma and university acceptances. *Elever från flertalet av högstadieskolorna i närområdet besöker gruppvis skolan under vecka 47. IB-Diploma koordinatorn, med IBDP elever, möter dessa grupper, guidar dem på skolan, genomför diskussioner i skolbiblioteket, samt informerar om IB-programmet och ansökan till universitet.*

January-February

Applicants individually make contact with the Studies Guidance Officer at our school and spend a day at the school in weeks 50, 2, 3, 4, 5 and 6, participating in classes in different subjects, guided by the students and eating lunch with them. *Ansökande elever tar individuellt kontakt med studie- och yrkesvägledare vid Växjö Katedralskola för att tillbringa en dag i skolan under vecka 50, 2, 3, 4, 5 och 6, då de deltar på lektioner i olika ämnen, vägleda av elever vid programmet, som de även äter lunch ihop med.*

Before 15 February

Students apply to upper secondary school to the Department of Education by 15 February. *Eleverna ansöker till gymnasiet genom Utbildningsförvaltningen senast den 15:e februari.* Studies Guidance Officers at Swedish schools help applicants to apply for Social Sciences (IBSA) or Experimental Sciences (IBNA), which includes more advanced Mathematics, preparatory Chemistry, and preparatory Physics. All students also indicate if they wish to study Swedish as a first language or Swedish as a second language, as well as a third language. If students have studied French,

German or Spanish, they may continue those languages as step 3. They may also choose a modern language as a beginner (step 1) in French, German, Italian, Japanese, Spanish. *Studievägledare på skolorna hjälper elever att söka antingen samhällsvetenskaplig inriktning (IBSA) eller naturvetenskaplig inriktning (IBNA). Den senare innehåller mer avancerad matematik, förberedande kemi och förberedande fysik. Alla elever anger också om de vill studera svenska som ett förstaspråk eller svenska som andraspråk, samt ett tredje språk. Om eleverna har studerat franska, tyska eller spanska kan de fortsätta dessa språk som steg 3. De kan också välja ett modernt språk som nybörjare (steg 1) på franska, tyska, italienska, japanska, spanska.*

Applicants should have completed nine years of education with good grades, and, if applying from other countries, do not need grades in Swedish. MYP4 students may also apply for the Pre-Diploma year (Year 10). The school does not provide lessons in acquiring the Swedish language.

March

Those that select the IB Diploma as their first or second choice receive a letter inviting them to placement tests towards the end of March. The letter details the content of the placement tests in Mathematics and English, and the attributes of the IB Learner Profile form the basis for discussion in the interviews of small groups. These group interviews are led by English faculty at the school, and the placements are corrected twice by both faculty and university students. *De som väljer IB Diploma som sitt första eller andra val erhåller ett brev om inträdesprov mot slutet av mars. Brevet beskriver detaljerna kring antagningsprovet i Matematik och Engelska, och egenskaperna beskrivna i formuläret för the IB Learner Profile bildar underlaget för intervjuer i smågrupper. Dessa gruppintervjuer leds av engelska institutionen på skolan, och antagningsproven rättas två gånger av både institutionen och universitetsstudenter.*

April-May

A provisional list of acceptances is provided to the Department of Education in April, taking into account the applicants' autumn academic evaluation and results from the placements. **New applications by 15 May** receive a letter and visit the school at the end of May for placements. The final list of acceptances is provided to the Department of Education after final grades are issued in **June**. Växjö Municipality registers the list of acceptances in the **first week of July**. *En preliminär antagningslista skickas till utbildningsförvaltningen i april, där ansökande elevers omdömen och resultat på inträdesprov tas i beaktande. Den 15 maj får nya ansökande elever ett brev och gör därefter inträdesprov på skolan i slutet av maj. Utbildningsförvaltningen förses med den slutgiltiga antagningslistan efter slutbetygen har utfärdats i juni. Växjö kommun registrerar listan under första veckan i juli.*

Second preliminary applications after May

Changes may be notified to Växjö Dept of Admissions on this form.

UPPER SECONDARY SCHOOL

LATE and CHANGED APPLICATIONS after 15 MAY

Please read the following before filling in the document.

- Some changes in applications after 15 May may become late selections. This applies to new choices that are added as well as changes in choices from previous applications.
- Bear in mind that late changes can affect the possibility of being offered a place on a programme where applicants that made their selections before the deadline take precedence over students making changes after the deadline.
- This application form comprises your new application and is substituted for any previous application. Kindly write all your choices, new and those made previously, in order of preference.
- Once you are accepted to your prioritised choice, the choices ranked lower are removed. Assigned places are removed once an applicant is accepted to a new reserve place.

First & family name	Swedish ID number
Email	Telephone

Choice 1	Programme, specialisation/profile IB Diploma Programme Social or Experimental Sciences? + language (French, German, Italian, Japanese, or Spanish), Swedish as a second language?	School, Municipality Växjö Katedralskola
Choice 2	Programme, specialisation/profile + language, Swedish as a second language, Sports choice	School, Municipality

Choice 3	Programme, specialisation/profile + language, Swedish as a second language, Sports choice	School, Municipality
Choice 4	Programme, specialisation/profile + language, Swedish as a second language, Sports choice	School, Municipality
Choice 5	Programme, specialisation/profile + language, Swedish as a second language, Sports choice	School, Municipality

Reason for late/changed application (tick one box)

- Regret previous choices (a late application depends on available places)
- Previously chosen programme is cancelled (application is considered as registered by the deadline)
- Personal/medical reasons (kindy attach documentation for the accepting school)

Applications without the signature of the applicant are not registered!

Date _____ Applicant's signature (Studies counsellor) _____

Personal data in this application will be processed in accordance with the Data Protection Regulation (GDPR) as a basis for admission to upper secondary school.

Please scan this application or save as pdf and email to

gymnasieantagningen@vaxjo.se

Admissions Office, Dept. of Education, Växjö, +46 (0)470-410 00

Final date to formally accept a place offered in Växjö Katedralskola IB Diploma Programme is 31 July.

Applicants that are on the reserve list for places in Pre-Diploma are informed during the period 5-20 August.

Any later applications should be made to Växjö Admissions Department before 15 September.

Admissions to DP1 (applications from 15 March)

Students in our Pre-Diploma class move into DP1 when grading is satisfactory. Applications from other students to the IB Diploma may be made on this form.

Gilles Kennedy

IB Diploma Coordinator

Växjö Katedralskola

ADVANCEMENT Pre-Diploma to DP1

Students in our Pre-Diploma year, which is based on Swedish national courses taught in English, are expected to pass all subjects in the Pre-Diploma year that they wish to study in the Diploma. Full attendance is required in lessons for all subjects. Full grades for all subjects are given. The Sports and Health course continues in the first year of the Diploma. **Transcripts** showing final grades in **Year 10** are required for applications to Swedish universities and many overseas. Mathematics 1c is required, and placement tests determine SL/HL Maths. Students wishing to take Higher Level subjects should have top grades in those subjects in Year 10. Recommendations from faculty in their subjects are respected if students risk lower Diploma results. The decision of the IBDP Coordinator/IBDP Head of School is final.

Students suggest a total of six subjects, one from each of the six groups, three at Higher Level (HL) and three at Standard Level (SL). These wishes are confirmed after final grading in Year 1. If you have any questions regarding how to compile a Diploma with the best grades, please contact IB Diploma Coordinator at gilles.kennedy@vaxjo.se.

Continuing to DP2 (Study Centre support is available)

Formative grading on the DP ManageBac platform indicates if students are keeping up with their subjects and CAS, EE, TOK. Recommendations from faculty in their subjects are respected. DP2 students are registered as candidates for the May exam session if the following requirements are met: Attendance in all subject lessons, IAs and Orals on track, progress in CAS reflections, Extended Essay, Theory of Knowledge, and the student is in good standing with the school.

Transfers to DP2

Occasionally DP1 students transfer from other schools/countries if their subject results in DP1 are considered to provide a good foundation for DP2. For example a student transferred from an IB Diploma school in China when the family relocated, another student spent a DP1 term at an IB Diploma school in the U.S. Some transfers may consider taking DP1 again if other factors in relocating are taken into account, depending on what is best for each family and individual students. Transfer students are provided with their Study Plan, registration on the ManageBac DP platform, initial meetings with the school nurse, school counsellor, financed transportation and cooked lunch with many cuisine options at the school, security structures, their own laptop and digital support, locker, an academic coach, peer mentors in their new class, documentation about school regulations in English, clubs, sports, etc.

Excursions, field trips, CAS Fairs, Mocks, other school events: These are obligatory and incur registration of absence without permission if students do not attend.

Växjö Katedralskola DP Subject Groups

Group 1: Studies in language and literature

The options are English A Language and Literature HL/SL, Language A Literature School-Supported Self-Taught SL, Swedish A Literature HL/SL. In Group 1 students study their first language; for the majority this means the language they learned to read and write as a child or learned in most of their previous schooling. If your first language is neither English nor Swedish, you can study it as a School-Supported Self-Taught Literature A course, structured in school and with help from same-language speakers at home or in other countries, with the emphasis on literary analysis.

Group 2: Language acquisition

Group 2 languages are acquisition courses. To study a Language B at Higher Level, you need approximately four years of prior experience. To study a Language B at Standard Level, you need approximately two years of prior experience or immersion courses. The options offered are English B HL, German B HL/SL, Spanish B HL/SL, Swedish B HL/SL, and Swedish ab initio SL.

Group 3: Individuals and societies

The options are Geography HL/SL, Global Politics SL, History HL/SL, and Psychology HL/SL.

Group 4: Experimental sciences

Prior knowledge is required for Biology HL/SL, Chemistry HL/SL, and Physics HL/SL. Chemistry HL, Biology HL, Physics HL: you must have obtained one of the top grades in previous schooling. The option of Chemistry and Physics is available for students taking Mathematics AA HL/SL. To study science at university level you need two sciences in the IB Diploma programme.

Group 5: Mathematics

The options are Mathematics AI SL, Mathematics AA SL, and Mathematics AA HL. Mathematics HL is an extremely advanced course, which follows a grade A in previous schooling. Mathematics placement tests prior to DP1 indicate the level.

Group 6: Arts

The Arts Elective in Group 6 is Theatre (assessed before May session); alternatively an option can be taken from groups 2-4.

Växjö Katedralskola reserves the right to alter the subjects and levels on offer. Online courses may also be offered.

The website [International Baccalaureate - Vaxjo.se](https://www.internationalbaccalaureate.org) provides detailed information in English and Swedish about the IB Diploma at Växjö Katedralskola.
